RE: Five Year Review of Reclamation Surety Estimate for County Canyon Mine,
M/023/024, Juab County, Utah

Dear Mr. Hedberg:

Here is the updated map that you requested for the County Canyon Mine in Juab County. It shows the current facilities and disturbances in all the areas that have been affected by our operations. There has been no reclamation completed at the mine since the last surety estimate review.

If you have any questions regarding this updated map or if you need more information, please let me know. I can be reached at (435) 857-1208.

Respectfully,

Don Summit, PE
